RE: Highway Maintenance Facility

Dear Mr. Quadagnoli,

I am writing you to let you know how pleased we are with how the Highway Maintenance Facility has turned out.

Certainly you, Larry Rogers, Bud Beard, Rick Garrison and Nikki Davis all deserve credit for this since it was definitely a team effort and we thank you all for your efforts very much. However, we believe Mr. David Amone deserves some special recognition here. As you know, I was very upset with the idea of changing superintendents in the middle of the project and was not happy with how it was handled. However, Mr. Amone accepted the challenge, took all of our problems very seriously and has probably finished the project punch list faster than any contractor we have ever used. He has done a wonderful job here and if Rainbow Construction ever wins another one of our projects, we will be requesting him as our superintendent.

Please pass our sincere appreciation on to him as well as the rest of the project team.

Very truly yours,

Carol L. Thomas
Construction Project Coordinator
